

MOSAIC NARRATIVES PRESENTS: Native American Heritage Month

Indigenous Perspectives from a Modern Day Lens

NOVEMBER 17, 2022
12:00 PM – 12:30 PM

In partnership with the Utah Division of Indian Affairs and in recognition of Native American Heritage Month, please join us for a conversation on the modern day experiences of Indigenous communities in Utah. The impactful discussion will center tribal sovereignty, cultural preservation and the education system and delve into the importance of viewing Native Americans and American Indians beyond a historical lens. Through their personal identities and narratives, our esteemed panelists hope to build spaces of understanding and create shared opportunities to empower and honor tribal communities.
